

BM Packaging Ltd

Client Commitment to Service Policy

BM Packaging Ltd is committed to providing exceptional services to fully satisfy our client's requirements and standards, whilst conforming to the requisite statutory regulations.

To achieve this goal, our company sets out to fulfil its commitment to quality and continuous improvement via the setting quality objectives and satisfying all applicable requirements by the application of a formally structured Management System around ISO 9001:2015.

Our Management System has been designed to meet client requirements by controlling our processes to prevent errors and encourage preventative action.

The system is regularly reviewed for it's relevance and effectiveness by our Management Team and independently assessed by a globally recognised certification body.

Employees within BM Packaging Ltd have been trained to understand the objectives and the commitment required to maintain our Client Commitment to Service Policy and the Management System.

The Management System supported by operational procedures has been issued by the Managing Director, who is ultimately responsible for the operation of the Management System, with all employees responsible for adhering to the requirements of the Management System.
